

OVER 30 YEARS OF DEDICATION TO PREMIUM SOFT LUGGAGE.

Willie & Max™ offer a line of quality luggage in a wide range of sizes, shapes, styles and colors that will enhance any motorcycle or scooter on the road today. Their bags and accessories are designed to be totally functional as well as aesthetically pleasing.

Willie & Max™ saddlebags, sissy bar bags and touring trunks are universally designed to fit either over or under the seat of most standard motorcycles. All luggage items come with zip-off yokes, quick-release buckles and removable handles. They are made in the U.S.A. using a Hi-Tech synthetic material that has the look and feel of real leather, without leather's high price. The material has a PVC coating, UV inhibitors, anti-microbial properties and is flame retardant. These bags are water repellent, won't dry out, fade, peel, crack or stain. It will wipe clean with a damp cloth and never needs creams or lotions.

LUGGAGE

INSTALLATION

To measure if your bag will fit:

- 1) Measure side to side from the riders position to the turn signal.
- 2) Measure from top to bottom of the passenger seat pad to the top of the exhaust pipes.
- 3) Compare measurements to those of your desired bag.

Diagram for reference only

Allow at least 1" clearance from the bottom of the bag to the top of exhaust pipe to prevent damage caused by sagging of loaded bag

Saddlebags can be adjusted to accommodate fender tapers and the angles associated with them.

All Max-Pax tour packs require a sissy bar and luggage rack for proper mounting.

The tool pouch can be mounted on the lower triple tree clamp under the headlight, on the handlebars or on the sissy bar with the 4 slot mounting blocks and 15" hook and loop one-wrap straps for vertical or horizontal attachment.

HM633 UNIVERSAL HARD-MOUNT KIT

- The Willie & Max™ Hard-Mount Kit is designed to allow the bags to be hard mounted to the bike.¹
- Replaces OEM saddlebag supports and eliminates the need for the throw over yoke system.
- Kit is designed to fit most Metric cruisers (Honda, Kawasaki, Suzuki, Yamaha and Triumph) as well as most Harley-Davidson Softail models.¹
- Bolts included in this kit fit many applications, additional hardware may be required depending on motorcycle make, model and any accessories.
- Designed for all Willie & Max™ saddlebags utilizing full plastic tub reinforcing.²

PART#S

Model#	MFR#	Size - Inches	VL #	Retail
HM633	58633-00	Hard Mount Kit	46-9633	\$64.30

¹ Not intended to be a quick-release system and will not work with Harley-Davidson quick-release sissy bar hardware.

¹ Harley-Davidson Sportster and Dyna series require the turn signals to be relocated.

² Any saddlebag with plastic reinforcing along the back of the bag can be retro-fitted to use this mounting kit.

RAPTOR

- Clean lines and easy operation in a black synthetic leather.
- Uses hook and loop securing tabs rather than the traditional roller pin buckle closure
- Saddlebags have zip off yokes and attached carry handles
- All Bags have plastic reinforcing for shape retention
