

FOUR-STROKE

POWER 1

- Increases horsepower!
- Full synthetic 4-stroke motorcycle engine oil.
- Unique anti-friction, low viscosity formula.
- Faster and crisper throttle response.
- Superior engine and gearbox protection against wear.
- Faster gear changes.
- Quicker starts when cold.
- Exceeds API SL, JASO MA-2

VL#	Description	Retail
57-4782	5W40 FS 1QT	\$14.20
57-4785	10W40 FS 1QT	\$14.20
57-4722	10W50 FS 1QT	\$14.20
57-4728	10W50 55GAL	\$2,370.65

ACT>EVO4 X-TRA

- Affordable synthetic blend!
- Prevents dry starts.
- Premium 4-stroke motorcycle engine oil.
- Continuous protection of engine and transmission.
- Protects against harmful engine deposits.
- Good oil consumption control.
- Good gear and wet clutch performance.
- Exceeds API SG, JASO MA-2

VL#	Description	Retail
57-4702	10W30 1QT	\$8.58
57-4712	10W40 1QT	\$8.58
57-4713	10W40 1GAL	\$32.95
57-4718	10W40 55GAL	\$1,436.69
57-4732	20W50 1QT	\$8.58
57-4733	20W50 1GAL	\$32.95
57-4738	20W50 55GAL	\$1,436.69

V-TWIN

POWER 1 V-TWIN

- Synthetic based.
- Extreme protection at high temperatures.
- Protection against thermal and mechanical breakdown.
- Excellent oil consumption control.
- Suitable for all makes of North American V-Twin motorcycles.

VL#	Description	Retail
57-6930	20W50 1QT	\$14.20

- Protects the engine from wear and deposits
- Ensures the proper functioning of the clutch by providing the perfect balance between smooth movement and instant grip that prevents early wear
- Formulated with additives that help it maintain effective level of viscosity, offering unrivaled protection for the gearbox

TWO CYCLE

Power RS TTS

- Used by team Chevy Trucks and team Spitfire Pro Circuit!
- Full synthetic.
- Extreme protection even at max RPM.
- Protection against ring sticking and engine seizure.
- Smokeless exhaust.
- Exceeds API TC, JASO FD and ISO L EGD

VL#	Net Wt.	Retail
57-2722	1L	\$14.98

SRF Racing Brake Fluid

- Exceptionally high wet and dry boiling point.
- Wet boiling point 5180 F (2700 C).
- Dry boiling point 5900 F (3100 C).
- Superior anti-vapor lock properties.
- Suitable for all non-mineral systems.
- Exclusive Castrol technology.
- Meets and exceeds DOT 3 & 4.

VL#	Net Wt.	Retail
57-8160	1L	\$88.57

GTLMA DOT 3/4 Brake Fluid

- Exceeds DOT 3 and DOT 4 requirements.
- Unique Low Moisture Activity (LMA) formulation provides maximum protection against vapor lock brake failure.
- Maintains a higher boiling point than conventional brake fluids.
- Superior protection against chloride and zinc corrosion of braking system parts

VL#	Net Wt.	Retail
57-8150	12OZ	\$5.14
57-8152	1QT	\$13.02

Castrol Display Rack

- Full Color, 5 shelf custom display
- Provides professional image that maximizes sale
- Can hold up to 120 1L bottles
- FREE with qualifying purchase
- Call for details!!
