

HARLEY DAVIDSON ROAD LEGENDS

Road Legends Drag Pipes from SuperTrapp are instant classics. Designed by the baddest benders in the business. The first pipes in the series are called Phantom Pipes, a wicked vision come to life from master builder Paul Yaffe.

PHANTOM PIPES

Inspired by Paul Yaffe's infamouse Discovery Channel creation.

- 2% primary pipes & 3.5% diameter collector for optimum flow & performance gain.
- Pre-Installed 4 piece stylized chrome plated heat shields
- Available in Brushed Silver or Black Ceramic finish

MEAN MOTHERS DRAG PIPES

If you want to bring out the true beast in your Softtail, put on some Mean Mothers. We're takin' 2" stacked pipes with a nasty offset exit, double walled construction that resists bluing and a throaty growl that makes eardrums run for cover.

- Select Models are available in SuperPak Performance Kits
- Optional slash cut and 180 degree rotatable, turn down end caps
- Stepped stainless steel internal head pipes, for tuned flow & durability
- Complete with stock End Caps. Chrome, double walled Drag Pipes.
- Optional End Caps sold separately. See page 371.

HARLEY DAVIDSON

MEGAPHONE SERIES

The Country's top Harley engine builders agree: If true performance is what you're after, you'll want the SuperTrapp 4" Megaphone Series. The classic 4" external Megaphone is the signature pipe of the SuperTrapp line. The tunable 4" disc system is the bad boy that provides the best overall power. The 2:2 version packs a punch all its own. It delivers the traditional "throaty" rumble and provides more mid to top-end range.

- Provides 8-10% horsepower gains
- Optional open end caps for closed course competition available
- Completely rebuildable core and packing to simplify maintenance
