

**APEHANGERS**

- Swage Forming allows maximum rotation of hand controls for greater comfort & superior ergonomics
- Will not interfere with Hydraulic clutch housings
- Slotted and drilled for easy internal wiring
- Fly By Wire version designed for 2008 & newer Touring models
- **May require longer cables and extension of handlebar wiring**
- See our Cable/Brake line kits on page 241

**APEHANGERS (1.25" TUBE)**

1" diameter at clamp area

**13" & 15" APEHANGERS FOR BAGGERS (1.25" TUBE)**

- Designed for Touring models with fork mounted fairing
- Dogleg bend at the bottom allows bar to hug the fairing without impacting view of your gauges or getting in the way of speakers.
- Dimpled and Drilled for internal wiring and made for Fly By Wire
