**The Pinnacle of PERFORMANCE**

The Apex utilizes the latest construction technology. A new light-weight Carbon, Aramid fiber composite shell, makes it the lightest production race helmet on the market. This is a true race ready helmet that does not sacrifice on quality or style. If you make this your first Suomy, we guarantee it will not be your last!

**Race approved by every major US Race Organization.**  
DOT Approved and ECE 22.05 Certified.

- The lightest weight race approved helmet available
- The quietest Suomy ever, thanks to extensive wind tunnel testing!

- Dynamically Variable Resistance Crush Zone (DVRC)
- Advanced Channeled EPS for optimum venting
- Sound Absorbing Polymers
- 3 Shell sizes for ultimate fit
- Removable, washable comfort liner and 3D cheek pads (allows for adjustable custom fit)
- Interior made with COOLMAX® ACTIVE fabric: Light-weight, moisture wicking, breathable fabric keeps the rider cool, dry and comfortable
- Oversized sponge cervical neck roll
- Safety Lock visor system
- LEXAN® Anti-Fog / Anti-Scratch Face Shield
