

REAR SETS

- CNC Machined from Solid Billet Aluminum
- Lightweight without compromising strength
- Race Grip Foot Pegs – offers traction for the most rigorous circumstances
- Wide Range of Adjustability for Peg & Pedal in STD or GP shift modes
- Dual Roller Bearings in each lever – allow for ultra-precise shifting & breaking
- Folding Toe Peg- Protects Pedals from crash damage while offering .5 inch of pedal length adjustment (where applicable)
- Independently mounted shift & brake pedals (where possible) helps prevent binding from a bent peg
- All Rear sets have adjustable Off-set and are available in works black.

Vortex products have won numerous championships worldwide. Many of the world's best riders have relied on Vortex products!
