

EXHAUST

RT99 DIRT BIKE & ATV EXHAUST SYSTEMS

Designed using a Resonance Chamber on the head pipe, which helps reduce sound levels and increases power across the rpm range. The RT99 is designed for our amateur, and every day racers. It will easily pass the AMA standard for amateur racing, at 99 decibels!

For Pricing and Van Leeuwen Part #'s see page 403

RT94 DIRT BIKE & ATV EXHAUST SYSTEMS

The RT94, using our exclusive quiet muffler, will breeze past the FIM 94 decibel test as well as pass all required AMA 94 decibel tests for use in sound-controlled offroad areas. Unlike most systems that simply plug up the exhaust to reduce noise, Jardine started with a clean slate and developed a hybrid mechanical / perforated core that reduces exhaust sounds to almost a whisper, but maintains the power of a true aftermarket exhaust.
