

AIR SHOCK REBUILD UPGRADE KITS & TOOLS for GL MODELS

For Honda Goldwing

- **Kit A** - (Springs) Contains heavy duty springs which allow you to run far less air pressure than the wimpy stock springs.
- **Kit B** - (Damper Units) Contains new replacement damper units that feature a sealed body to eliminate oil contamination. Special hard chrome plating and excellent damping make these units far superior to the stock units.
- **Spring Compressor** - Air shock rebuilding tool. Works on the 416 Series too!

GL Air/Oil Springs
Kit A

Damper Units
Kit B
